

# Laser Scanning Team Leader

- Innovative professional consultancy forging a reputation for unique spatial solutions
- Work with a friendly and professional team
- A range of projects including subdivision and land development

As an urban regeneration specialist, Envivo is a multi-discipline consultancy that provides market leading professional services in Engineering, Surveying and Planning to a wide range of land development, construction and institutional clients.

Our Laser Scanning Team work on a wide range of projects such as airports, commercial ships, industrial plant, heritage and large commercial buildings. This is an exciting opportunity to work with the latest scanning technology and help grow and develop the team.

## Responsibilities

- Lead and grow our Auckland laser scanning team
- Mentor and improve team performance
- Business development and sales
- Data capture, registration and project delivery
- Skills development and training

## Skills/Experience Required

- Strong working knowledge of laser scanners, processing software and relevant outputs
- Quick and efficient time management and completion of work
- Professional and confident interaction with clients and staff
- Able to travel nationwide on a variety of projects
- High attention to detail
- Relevant Surveying or Engineering qualification, but not essential

Envivo values people who enjoy working collaboratively in a team environment. We have a focus on professional standards and on achieving successful outcomes for our clients.

To apply, please email your cover letter and CV to Jennifer Young, HR Manager, [recruitment@envivo.nz](mailto:recruitment@envivo.nz).

You must be eligible to work in NZ to apply for this role.
